

AIRCRAFT SANITIZATION INSTRUCTIONS

The following instructions for sanitizing the cockpit of the aircraft **MUST** be followed to avoid damage to the avionics and other interior components.

The provided blue shop towels and cleaning solution is the only accepted disinfecting products to be used on the aircraft instrument panel.

Cleaning Directions

- 1) Spray the blue shop towel with the provided cleaning solution to dampen the towel, it must not be dripping wet, then wipe the surface. **DO NOT SPRAY THE INSTRUMENT PANEL DIRECTLY WITH ANY LIQUID.**

- 2) Wipe down the following surfaces:

Outside of the Aircraft

- Door handles and baggage door latch
- Oil door and oil dipstick
